

# MANILA WILL FALL

As Soon as the American Troops Arrive There.

THE CITY IS SURROUNDED

BY THE INSURGENT FORCES, THE SPANIARDS BEING DEFEATED IN EVERY ENGAGEMENT—SOME OF THE LESSONS LEARNED BY THE ENGAGEMENTS OF THE UNITED STATES MARINES WITH THE SPANISH FORCES AT GUANTANAMO.

MADRID, June 16.—10 a. m.—Advice received here to-day by the Liberal from Manila, under date of June 6, practically repeat the news contained in the dispatch of June 15, from the Shanghai correspondent of the London Daily Telegraph, who forwarded upon that occasion, information which he had received from Manila up to June 8, saying that on June 5, the insurgents forced the passage of the Zapote river and captured Las Pinas and Paranaqui, since which time the fighting between the insurgents and the Spaniards was continuous and the latter were being gradually driven in.

The Liberal's dispatch explains that "in the face of Aguinaldo's superior forces the Spaniards were compelled to retreat."

The Spanish correspondent also says: "The fighting continues incessantly. There are skirmishes at intervals day and night and lack of provisions has compelled the Spaniards to yield at certain points. Both ammunition and food are most scarce. Nevertheless, the Spaniards are animated by the best spirit and are fighting heroically. The wounded, who are crowding into the churches and convents have been placed under the protection of the Red Cross."

"It is reported that the archbishop has gone to the insurgents in the hope of moderating their animosity and preventing acts of violence."

"The Jesuits are seeking places of refuge in the province of Batangas, and the sisters are fleeing to places of safety in the province of La Guna."

"It is not expected that Manila will capitulate until the American troops arrive."

## LESSON LEARNED

By the Recent Engagements of the Marines with the Spaniards.

(Copyright, 1898, by the Associated Press.)

ON BOARD THE ASSOCIATED PRESS DISPATCH BOAT, DAUNTLESS, GUANTANAMO BAY, Tuesday, June 14, (noon), via KINGSTON, Jamaica, Wednesday, June 15.—8 a. m.—However unpleasant the experience or unjustified by precedent, the landing of a small detachment of marines, mostly raw men in the enemy's country, has taught some lessons to the officers and men here and, possibly also, to the authorities at Washington.

It has shown the Spaniards to be daring bush fighters and it has proved that every American camp must be compactly built and as well protected to resist night attacks as though in the Apache country. It has developed several small defects in the navy guns under service conditions and it has shown that, given a free rein with repeating rifles, five hundred nervous troops can waste 10,000 rounds of ammunition, killing shadows, in a single night and not think even then that they have done much shooting.

Though the sixteen Spaniards found by Lieutenant's Neville's men were regular uniforms, most of those seen in the daylight attacks were scarcely anything except big plaited leaves around their foreheads in lieu of hats. This acted as an effective disguise in the bush. Others, stripped to a pair of dirt colored trousers, tied branches around their waists, reaching shoulder high, and moving very cautiously, they could even cross open ground without being detected, though some of them were caught at the game.

Another trick was to make a moving screen of two or three big palm leaves, almost impossible to detect where they stunted palm everywhere rises out of the chapparal.

The Cuban auxiliaries were most useful in pointing out these tricks. There are sixty of these men now in camp, mostly negroes with Cuban officers. They are hawk eyed woodsmen breaking even with the Spaniards in every device of bush-craft. The American marines, at first, were inclined to discount this. But this morning they spoke enthusiastically of the auxiliaries for their daring. At night in skirmish time, the marines say the Cuban auxiliaries go through the brush like rabbits. Their chief fault, however, is their reckless handling of the new magazine rifles.

## Another Military Marriage.

Special Dispatch to the Intelligencer.

MARTINSBURG, W. Va., June 16.—Lieutenant Frank H. Baker, of Company K, First Regiment West Virginia Volunteers was married to-day, to Miss Hallie D. Lamon, daughter of the late Mr. Robert Lamon, at the Episcopal church to-day. Lieutenant Baker is the eldest son of Dr. and Mrs. N. D. Baker. Miss Beattie W. Lamon, was maid of honor, and Mr. Newton D. Baker, Jr., was best man. The bride was attired in white organdie with hat to match, and carried a bouquet of bride's roses. The groom wore his full dress uniform. The church was filled with friends of the young couple. Lieutenant and Mrs. Baker left to-night for Chickamauga.

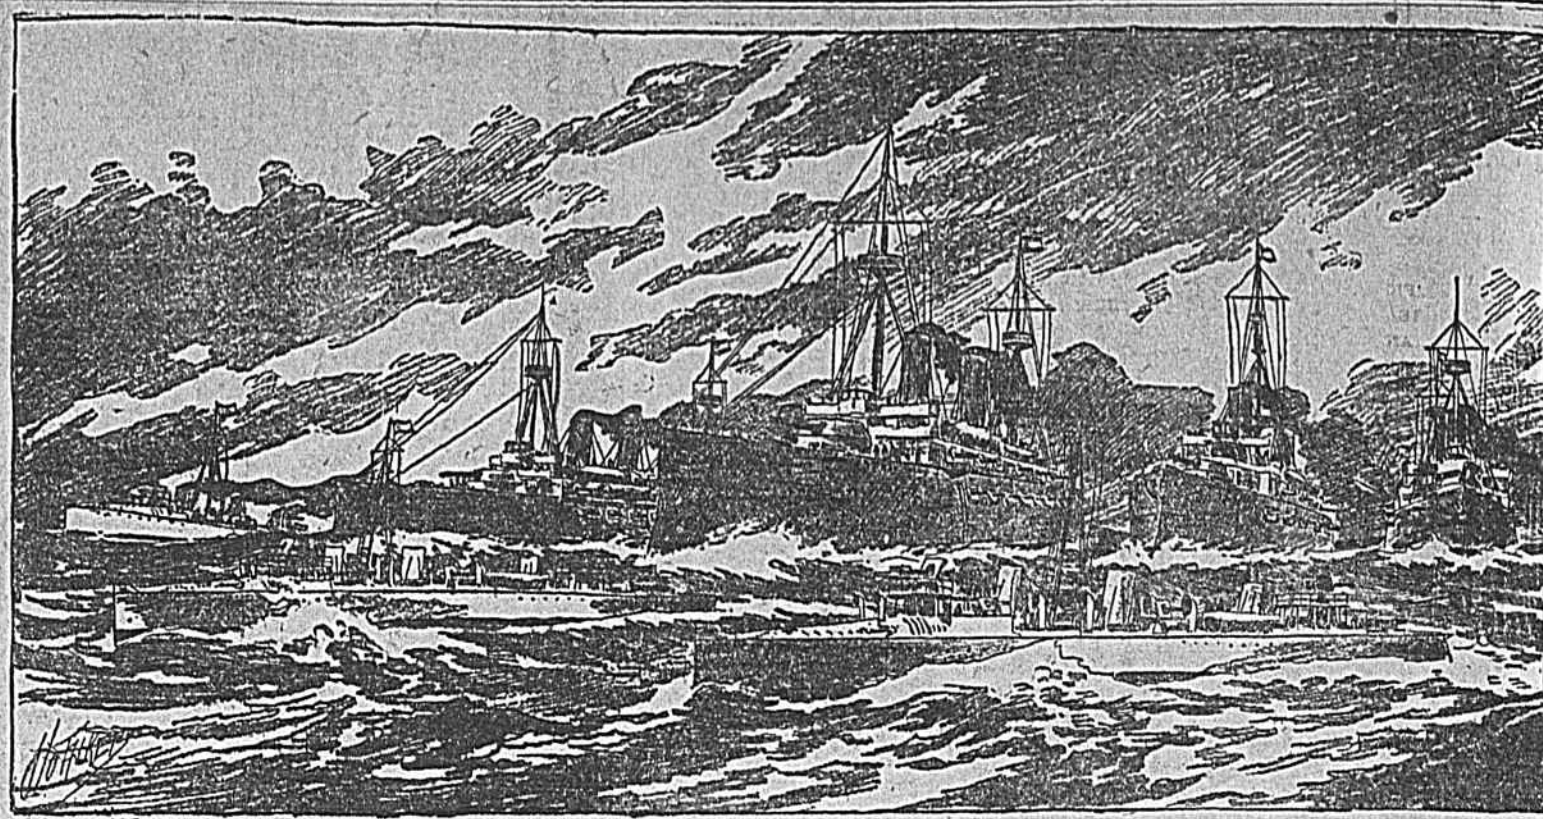

## A FINE OUTING

Has Been Arranged for the Builders' Exchange—They go to Mackinac.

The Wheeling Builders' Exchange has always been noted for the annual outings it has given in the past, and this year's promises to be the most enjoyable in its history. Following a custom of recent years, the exchange placed the outing in the hands of O. Russell Wood, of the Cleveland, Lorain & Wheeling railroad, who is now making the preliminary arrangements for the outing.

The programme includes the trip to Mackinac and return and a stay at the lake resort for several days. The exchange and its friends will leave Wheeling on the Cleveland, Lorain & Wheeling road on Thursday, July 14, going to Cleveland, where one of the magnificent floating palaces of the Detroit & Cleveland Navigation Company will be boarded for the trip to Mackinac Island, at the head of Lake Huron, where "cool breezes blow and black bass bite." The exchange considers itself fortunate in having secured a rate of \$10 for the round trip with a fifteen days' limit. Mr. Wood will accompany the excursionists and see that they are well cared for at every turn.

LATE to bed and early to rise, prepares a man for his home in the skies. Early to bed and a Little Early Riser, the pill that makes life longer and better and wiser. Charles H. Cervera is bottled up in Santiago de Cuba with his fleet. It consists of the Terror, the Pluton, the Maria Theresa, the Viscaya, the Furor, the Cristobal Colon, and the Almirante Oquendo. These are very fair little warships; but what are they against the Indiana, Oregon, Massachusetts, Iowa, and seventy other good battle cruisers, such as Uncle Sam has ready for Cervera?

## OUTLOOK IN THIS STATE

For Republican Success—Commissioner Scott on the Senatorship.

WASHINGTON, D. C., June 16.—Considerable interest is being taken here in the West Virginia colony and many outsiders in the possible political outcome in the state this year, in view of the fact that delegates are being chosen to the various approaching conventions.

Commissioner of Internal Revenue N. B. Scott, in a brief interview to-day, spoke encouragingly of the outlook for Republican success, and in response to questions, referred to his own candidacy for the United States senatorship.

Asked as to the outlook in the congressional districts and the chances for the party in the election of a legislature, Mr. Scott said:

"I regard the outlook as most encouraging indeed. With the farmers getting more for their wheat than they anticipated in their most sanguine moments, and with good prices for their wool, cattle and horses, in fact higher prices than have prevailed for years, I do not see what change they could desire. This changed condition of things, as compared with what has existed in former years, has been brought about under a Republican administration in both state and national affairs. I feel confident that our people desire these conditions to be continued, and, therefore, they will vote to sustain the policy of the President, and to maintain Republican ascendancy in the state."

"I also believe that a great many of our solid people who are gold Democrats will vote with us again this fall, and will support both our congressional and legislative tickets. As an instance of this, note the recent election in Oregon. The result there goes to show that the people are getting over the silver craze, and are determined to give the administration strong and unflinching support. Now, the way for West Virginia to follow this lead is to come solidly to the front and elect a Republican legislature, that we can choose a Republican colleague for Senator Eskins."

In response to a question if he was a candidate for the senate, Mr. Scott replied:

"Yes, I shall be a candidate for that exalted position. At the same time I hope there will be many good Republicans who will also be candidates. I think and believe that the more of us who have ambitions in this direction, and who enter this contest for the United States senatorship, and work for it, the more certain we will be able to carry the legislature by a good comfortable majority. While each of us may be inspired by selfishness in our aspirations, our rivalry will make it just that much more certain that we will secure the legislature, and thereby secure the election of some good Republican to the United States senate to represent West Virginia."

## Discovered by a Woman.

Another great discovery has been made, and that, too, by a lady in this country. "Disense fastened its clutches upon her, and for seven years she withstood its severest tests, but her vital organs were undermined, and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking the first dose that she slept all night, and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hannick & Co., of Shelby, N. C. Trial bottles free at Logan Drug Co.'s Drug Store.

## FROM CAMP THOMAS.

Interesting Gossip of the First Regiment—A Move Expected.

CAMP GEO. H. THOMAS, Ga., June 14.—A serious accident occurred yesterday afternoon, in which three soldiers were more or less injured. About 10 o'clock a train made up of a locomotive and two passenger coaches left Lytle station of Chattanooga, crowded to suffocation, and the soldiers even climbed on the tops of the coaches and engine until the train was almost hidden from view.

While passing along the Belt crossing at Rossville, a telegraph wire fell across the top of the train. The wire caught Private Jude Sharpe, of the Sixteenth Pennsylvania regiment, in the neck, dragging him from the top of the car. While falling he seized Privates C. H. Ames, of the Third Illinois, and Thomas Barrett, of the Fourteenth New York, in his efforts to keep from falling. All three men rolled from the top of the coach, tumbling down an embankment and were picked up in an unconscious condition. It is feared that Barrett and Sharpe are injured internally.

The government is building an immense frame building at Lytle, which is to be used as a postoffice.

Sergeant Nelson and Trumpeter Stultz were among the sightseers that visited Lookout mountain, which is one of the most picturesque, as well as one

the troopers in Troop C, Illinois Cavalry, gave his old friends in Company M a visit Saturday evening.

Chaplain Arbethnot reports that ninety-eight men in our regiment have enlisted their intention of living a Christian life and asks for the prayers of all Christian people. The Chaplain seems to be the right man in the right place.

A member of the Second Arkansas regiment was shot in the right eye while engaged in a row in a barroom at Lytle, Sunday. The shooting was done by a citizen and would have caused a riot if it had not been for the prompt arrival of the provost guard, who surrounded the saloon and kept the large crowd in check. The wound is not fatal. Captain Veters, of Company H, has resigned and returned home on account of the serious illness of his wife.

R. O. Pettiford, R. V. Rose and Percy Wayne, all of Wheeling, arrived in camp yesterday morning. They left Wheeling last Monday with the expectation of joining Company M. Our boys gave them a hearty welcome and an effort will be made to have them mustered in with us.

Private H. Bassett has been granted a discharge by the department at Washington, and a letter from Secretary Alger brings word that the discharge papers will be forwarded at once. He secured his discharge through his father who is in ill health and unable to attend to business without his son's assistance. P. Gilliland, of Company G, has been

LIEUT. CARL W. JUNGEN.

The War Hero Who Cut the Cable Leading to Santiago.

One of the most daring exploits of the war was performed by Lieut. Carl W. Jungen. The lieutenant put out on a little vessel and at the risk of his life

severed one of the cables, after which he started toward Guantanamo, where he attempted to cut another. The first effort was successful, but the second was prevented by the depth of the water and the nearness of a Spanish boat. As it was several of his crew were hurt,

and the lieutenant retreated rapidly. The fact that he did half his work brought him a great deal of honor.

In his attempt to cut the cable at Guantanamo, Lieut. Jungen had his boat within 400 yards of the shore, and in spite of heavy fire from batteries kept at his task until signaled peremptorily from the St. Louis to get out of range of the guns of the shore batteries. Though not successful in his attempt to cut the cable the exploit of Lieut. Jungen is regarded as an act of notable bravery, worthy of recognition by the navy department.

confined to his quarters with the measles.

Lieutenant Watts, formerly Corporal Watts, of Company G, received his commission last week as Lieutenant of Company G, and was out with them in that position for the first time.

A musical and literary entertainment will be given at the Y. M. C. A. tent of the Sixth Ohio, this evening. The programme will consist of music by one of the Michigan regimental bands, hypnotism by a West Virginia hypnotist, recitations and vocal solos.

The boys who were sight seeing on Lookout mountain Sunday, wound up the day's pleasure by returning home in a horseless carriage. It was a mule cart.

The rain which prevailed over our camp Sunday was the heaviest since we have been in camp. There was a downpour for several hours, which flooded many of the tents and drill grounds.

All of the sick in Company M, who were at the hospital, have been returned to the company and most of them to duty.

## IS A MANLY ACT.

A Wheeling Citizen Speaks for the Benefit of His Fellow Citizens.

A plain, straightforward statement. A grateful acknowledgement of help. Telling a personal experience. Making it public for the public good. Is a manly act.

It's manly because it helps others. So many people have been misled. So many claims made that were not true.

No wonder there are skeptics. A Wheeling man speaks here. Speaks in the interest of humanity. Shows the way to our citizens. Removes the stumbling block of doubt.

Gives local indorsement. No better proof can be had. None better should be asked.

Wheeling people should know what is the true kidney remedy. Distinguish it from many imitations. Know that Doan's Kidney Pills are the only genuine.

There are many kidney remedies—but only one cure. Other kidney pills, but only one Doan's.

And they cure kidney ills. We say so, your neighbors prove it.

Mr. John Bartens, of No. 509 Main street, a dyer at J. E. Stifel & Sons, says: "Doan's Kidney Pills made short work of my backache. I contracted a heavy cold which settled in my kidneys, and caused a constant, dull, aching pain across my loins. It would get better for a time, but just as soon as I got

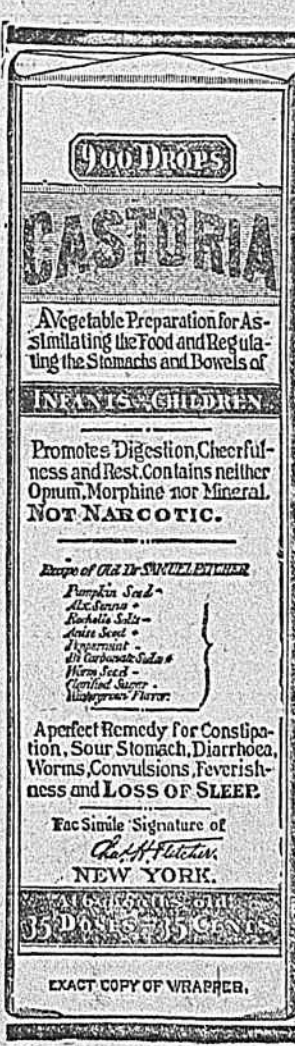

wet, or a change of weather took place, back it came again. I found it of great inconvenience when at work, and I kept putting off doing anything for it, thinking it would wear away. It didn't, so when I saw Doan's Kidney Pills, so highly recommended to cure all forms of backache, I thought I would try them and procuring a box at the Logan Drug Co.'s store at the bridge corner, I began their use. I did not have occasion to take many as the pains soon left me and my back became as strong as ever. My advice to others is do not let a little pain in the back go on with the expectation that it will wear away, but get something for it at once, and the best something is Doan's Kidney Pills."

Doan's Kidney Pills for sale by all dealers. Price 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.
